

## Website Designer

**KCS is an established IT and Website Development Company nestled in the heart of the Lake District.**

We are searching for a website designer with passion and enthusiasm to work within our existing team based in our Braithwaite office.

Our ideal candidate will have a good eye for design, be able to take the initiative on their own, excited to learn new skills and experiment as the industry continues to evolve.

### **Required Skills and Experience**

- Good eye for design
- Experience building and updating websites using WordPress
- Experience creating mock-ups in Figma, Sketch or Adobe XD
- Experience working in a similar environment in the digital industry
- Excellent communication skills both in-person and via phone/email
- Good knowledge of UX principles and applications

**Salary:** up to £27,000 depending on experience.

**Please note:** this role is primarily office-based with some remote days to be confirmed with the candidate.
